Foreword

Handbook introduces the College to the prospective students while Prospectus provides the necessary information to guide the learner through his/her academic journey in the institution. Dimapur Government College produces a handbook and prospectus together, in a single unit, with an objective to provide full information about the College and the courses offered as well as the course structure for the convenience of the students seeking admission to the College.

Dimapur Government College is assessed and accredited by NAAC with B grade in the first cycle in 2015 and the grading for 2nd cycle assessment in 2021 is still awaited. It offers 3 years degree course in Arts and Commerce. Other courses, namely, B.Sc. and B.Ed (ITEP) courses are expected to be introduced by 2023-24 academic session. A Certificate Course in Floriculture is also offered as a project of DGC RUSA Cell.

The College is blessed with a good number of sincere and dedicated teachers who are quite smart and knowledgeable in their chosen fields. They continue to strive for excellence both in individual as well as professional lives. Through effective teaching and mentoring of students institutional life is upheld and the lives of students are impacted beyond measure.

As per the requirements of the NEP 2020 the University is introducing CBCS courses from the academic session 2022-23. In line with this, Dimapur Government College is also implementing the CBCS beginning from this year, however, due to lack of infrastructural facilities, only honours students will be admitted for the first two academic sessions. With increase in the number of classrooms and other infrastructural facilities, it is hoped that general course will also be introduced in the near future.

NEP 2020 mandates, a "cafeteria approach" in the choice of subjects by the students. Accordingly, institutions have to provide various subjects to choose from. With this end in view, Dimapur Government College attempts to provide as many subjects as possible within the prevalent constraints. I hope that students coming to study in this institution will take full advantage of the subjects and other facilities provided to achieve their academic goals.
