

DIMAPUR GOVERNMENT COLLEGE

Dimapur, Nagaland

NAAC Accredited Grade B+

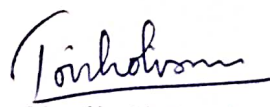

Literati Club

The Literati Club, DGC, was formed in September 2009. It is managed solely by the English Department. Membership is open to all students of DGC but English Honours students along with the Literary Secretary of Dimapur College Students Council are automatically part of the Club. The Club proposes to facilitate the development of communication skills and confidence of the students by organising all kinds of literary activities on-campus and encouraging and grooming students to participate in off-campus events. Such activities may enable the students to cultivate team spirit and co-operation while also enabling them to utilise their potentials to the fullest.

Aims & Objectives:

1. Promote a love for literature and foster a passion for reading, writing, and appreciating literature.
2. Create a platform for members to engage and participate in inter-collegiate or intra-collegiate literary events
3. Encourage and support creative writing endeavors, such as poetry, short stories, and essays.
4. Raise awareness about diverse literary genres, authors, and cultural perspectives.
5. Set reading goals and challenges to motivate members to explore literature.
6. Provide a platform to showcase their creative works through club publications or collaborations with other literary outlets.
7. Engage in literary community service, like reading sessions for children, or literary workshops for local schools.
8. Offer workshops and resources to improve members' language usage, writing and presentation skills.
9. Connect with authors, literary scholars, and language experts through guest lectures and events.
10. Create a welcoming and inclusive environment that encourages all students, regardless of their literary background, to participate and learn.
