In view of the forthcoming Nagaland University Exams 2023, mentoring session was organized for all the students of Dimapur Govt. College with due permission and support from the College Authority and IQAC. The Committee prepared a follow-up session pro-forma which is to be filled in by the mentees and distributed the copies to every mentor to collect the details of their mentees with regards to their academic performance, attendance percentage, achievements- scholastic and non-scholastic, difficulties in college and elsewhere etc. The format was prepared in such a way that the information received by the mentors from their mentees will serve as a data for the mentors to prepare the mentor's report which is to be submitted to the Committee. Each teacher-mentor was allotted a room to meet their mentees to carry out the activity. The meeting took a great deal of time where every mentor provided guidance, support and encouragement to their mentees effectively. Every effort was made to assign mentees to their new mentors (newly joined teachers) especially for those students whose mentors have been transferred/retired/promoted or on study leave. Refreshment was provided to all the mentors after the mentoring session by the College.
