

## **IGNOU Study Centre Report (July 2023 Session and January 2024 Session)**

The IGNOU Study Centre at Dimapur Government College has effectively facilitated the July 2023 and January 2024 sessions, ensuring smooth academic operations for its students. In the July 2023 session, the centre recorded 246 fresh admissions and 284 re-registrations (RR). For the January 2024 session, the admissions remained strong, with 174 fresh admissions and 256 re-registrations. This reflects a stable demand for IGNOU programs, showcasing the study centre's role in providing accessible education to a wide range of learners. The total number of students enrolled during this period reached 420 fresh admissions and 540 re-registrations, which represents a healthy student engagement rate.

Academic support has been a key priority throughout this period, with regular counselling sessions, both online and face-to-face, being conducted for all enrolled students. A significant number of students accessed study materials and participated in exam preparation activities, ensuring they stayed on track with their courses. The centre also maintained strong communication with students, addressing queries through dedicated help desks and offering continued guidance on academic matters. To enhance learning, the centre ensured all students had access to necessary infrastructure, including updated study materials, a well-equipped library, and robust IT support for online learning.

The logistics and manpower provided by the host institution have played a crucial role in the success of these sessions. The co-ordinator and assistant co-ordinator's at the study centre were pivotal in ensuring smooth administration and timely delivery of academic services. They worked diligently to manage the enrolment process, coordinate counselling sessions and ensure the timely dissemination of study materials. The counsellors have also been an integral part of the support system, offering academic guidance, addressing student concerns and maintaining a close rapport with learners to encourage their success.

In terms of performance, the centre has noted a satisfactory progress rate, with many students from the July 2023 session making good academic strides. Feedback collected from students indicates positive engagement with the programs, though challenges such as delays in receiving study materials and occasional difficulties with the online learning platforms were noted. The coordinator and assistant coordinator worked closely with the institution's administrative team to address these issues and ensure that students had the support they needed.

Going forward, the study centre plans to further enhance student support by increasing the number of counselling sessions, improving digital learning tools and organizing more interactive workshops and webinars to strengthen academic outcomes. The coordinator, assistant coordinator and counsellors will continue to work together to refine processes and ensure the best possible academic experience for all students.

Overall, the period from July 2023 and January 2024 sessions has been a successful phase for the IGNOU Study Centre at Dimapur Government College, demonstrating a continued commitment to academic excellence and student welfare. With the continued support of the host institution's manpower and logistics, the centre is poised to build on this success by further refining its support systems and ensuring that students have the resources they need to achieve their academic goals in the upcoming sessions.

## Report on NPSC (Prelims) Examination 2023 at Dimapur Government College (Exam Centre)

The Nagaland Public Service Commission (NPSC) Prelims Examination 2023 was successfully conducted at Dimapur Government College (Examination Centre) on **11<sup>th</sup> November, 2023**. The examination was held to assess candidates aspiring for various civil services positions in Nagaland. A total of **750** candidates were allotted at the examination centre, with the process running smoothly throughout the day. The exam centre was well-prepared, with adequate facilities and infrastructure in place to ensure a comfortable and secure environment for the candidates.

Of the 750 candidates allotted at the examination centre, **662** appeared for the examination, resulting in an attendance rate of 88.27%. This indicates a relatively high level of participation in the exam. A total of 88 candidates were absent, representing an absentee rate of 11.73%. The candidates who were present were subjected to thorough security checks before entering the exam halls, in line with the prescribed guidelines to ensure the integrity of the examination process.

The exam was conducted in a single shift and the college had made all necessary arrangements, including seating, lighting etc., to ensure a smooth and effective examination environment. A total of 11 rooms were utilized for the exam, with each room carefully arranged to accommodate the candidates comfortably while adhering to social distancing and safety protocols, where applicable. Invigilation staff were deployed across all rooms to oversee the conduct of the exam and maintain discipline, ensuring no malpractices or disruptions occurred during the examination.

Security measures were stringent throughout the exam process. Candidates were required to leave all personal belongings, including bags and electronic devices, outside the exam halls to prevent any potential cheating or disruptions. No incidents of malpractice were reported, and all candidates adhered to the guidelines set forth by the NPSC and the exam centre.

The NPSC Prelims Examination 2023 at Dimapur Government College was executed with high efficiency, with a high attendance rate and no reported issues. The college continues to be a reliable exam centre and it is committed to providing a conducive environment for future examinations. The seamless conduct of this examination reflects the preparedness of the college and its staff in handling such large-scale events.
